

## INDEX OF AUTHORS' AND OTHER PERSONAL NAMES

This index contains the names of authors and other persons referred to in the text of this volume. Repeated occurrences of the same name on a given page have been referred to only once by a single quotation of the respective page number.

As far as possible, the initials have been added to such names in the index even if in a quotation on a given page, no initials are mentioned. However, in a number of instances, initials could not be established.
